AN ORDINANCE TO AMEND THE AUGUSTA, GA CODE TITLE THREE, CHAPTER SEVEN, SECTION 3-7-14 RESERVED SECTION; TO REPEAL ALL CODE SECTIONS AND ORDINANCES AND PARTS OF CODE SECTIONS AND ORDINANCES IN CONFLICT HEREWITH; TO PROVIDE AN EFFECTIVE DATE AND FOR THE OTHER PURPOSES PROVIDED HEREIN.

WHEREAS, Augusta, Georgia has a significant interest in maintaining and assuring public safety for its community and the citizens of Augusta, Georgia related to unsupervised or unattended children in motor vehicles; and

WHEREAS, Augusta, Georgia finds that leaving a young child unattended in a car can too often have tragic consequences, either because the child suffers from exposure to excessive heat or cold, is injured or kidnapped when the car is stolen, or releases the emergency brake, inadvertently starts the car, or puts the car in gear; and

WHEREAS, Augusta, Georgia notes that with an outside temperature of approximately eighty-five degrees, the inside air temperature in a car can reach over one hundred degrees. Under those conditions, a small child, whose body temperature increases three to five times faster than an adult's, can succumb to the heat in as short a time as fifteen minutes. Cold temperatures can also be deadly to small children and infants in a short period of time; and

WHEREAS, Augusta, Georgia declares that it is the policy in Augusta, Georgia that small children and infants should never be left unattended in vehicles under any circumstances; and

WHEREAS, It is the purpose of this Ordinance to protect the children of Augusta, Georgia by prohibiting operators and adult passengers of motor vehicles from leaving the vehicle with an unattended child inside. Although the State of Georgia has criminal laws that can be used to sanction this behavior when injury or death results, it will be too late for the child in that case. Augusta, Georgia needs a way to deter this conduct when the child is not injured or killed, but before the ultimate tragedy happens; and

WHEREAS, Augusta, Georgia desires to update and amend the Code as related to unsupervised or unattended small children in motor vehicles;

2013 - Recreation Vans**

Department:	Finance Department - Fleet Management
Caption:	Request the Augusta Commission approve the acquisition of 2 transport vans and one Cargo Van for the Recreation Department.
Background:	<p>Fleet Management has evaluated and would like to replace 2 passenger vans for Recreation Department replacing a 1998 Plymouth Voyager Mini-Van , asset # 984134, with 107,776 miles with a significant maintenance record. The second van is a 1994 Ford E-350 , 940279 a 1994 model with 107,921 miles.</p> <p>Lastly, Recreation-Facilities Maintenance-Phinizy Road has hired a new employee to assist in the HVAC division and would need a cargo van to facilitate the position. He has been using a 2000 Ford Ranger with 76,543 miles on it but still has some service life. The Ford Ranger is inappropriate for this type of work . The Ranger could be reassigned to another organization</p>
Analysis:	Fleet Management would like to utilize the Georgia State Contract bid program to purchase the vehicles. The Georgia State Contract low bid for these type units was awarded to Allan Vigil Ford of Morrow, Georgia. Allen Vigil's contract pricing will be honored until June 30th. Therefore, we request to utilize the available contract. The state bid award number for the vans is SWC-90795. We have attached the appropriate paperwork for your review.
Financial Impact:	The 2 Recreation-Admin transport vans are as follows: (1) 12-passenger van @ \$26,457.00; and (2) 15- passenger van @ \$29,829.00. The cargo van will be \$21,735.00. The total for the 3 vans is \$78,021 and funded through the 2013 Capital Outlay account. .
Alternatives:	1. Approve the request 2. Approve the request in part 3. Do not approve the request.
Recommendation:	Approve request to purchase the 3 vehicles using the Georgia Sate Contract bid and declare the replaced vehicles as excess and

available for auction

2013 - Traffic Engineering Vehicles**

Department:	Finance Department - Fleet Management Division
Caption:	Request approval for the replacement of 4 trucks for Traffic Engineering.
Background:	Within Traffic Engineering there are two sections: Signs and Signals. In 1998-2000 the F-150 was the truck of choice for work trucks within the general fund. For the most part Traffic Engineering consisted of F-150's and Bucket Trucks. Over time we have seen that the F-150 was too small for work in the Sign section as it is required to carry numerous steel poles and signs which stress' the suspension of the truck. We are therefore requesting they be replaced with the F-250. The units being replaced are assets: 1) 994174 a 1999 F-150 with 214,320 miles, 2) 994176 a 1999 Ford F-150 with 155,731 miles, 3) 994178 a 1999 F-150 with 208,584 miles and 4) 984141 a 1999 F-150 with 181,251 miles.
Analysis:	The Procurement Department published a competitive bid using the Demand Star application for the Ford F-150, 4X4 , Bid 12-213. Bids were received from two venders; Allan Vigil Ford at \$21,806.00 and Bobby Jones Ford at \$21,497.00 which was the low bidder. See attached documents. The F-250's were published on Bid 12-213 and only two bid were received by Procurement; Allan Vigil Ford at \$23583.00 and Bobby Jones Ford at \$23,572.
Financial Impact:	Two F-150's at \$21,497 = \$42,994.00, and two F-250's at \$23,572.00 = \$47,144.00. A total of all 4 is \$90,116.00 from Bobby Jones Ford.
Alternatives:	1.) Approve the request. 2.) Approve the request in part. 3.) Disapprove the request.
Recommendation:	Approve the replacements of the trucks as stated in the background and declare the replaced trucks as excess and available for auction

Windsor Spring Rd. Phase V**

- Department:** Engineering-Abie L. Ladson, P.E., CPESC, Director
- Caption:** Motion to authorize the Administrator to approve and Mayor to execute, at the discretion of the Augusta Law Department, Right-of-Way Parcels closing whose Fair Market Value does not exceed \$50,000 on Windsor Spring Road Improvement Project, Phase V. All Parcels which have a Fair market Value of \$50,001, or Higher will be submitted to the Augusta Commission for approval.
- Background:** The Winsor Spring Road Phase V Improvement project is an approved project and under design. The project is a joint effort between Augusta, Georgia (Augusta) and Georgia Department of Transportation (GDOT). Augusta is responsible for the Design Phase (Engineering, Right-of-Way Acquisition, and Utilities Relocation), and GDOT is responsible for the Construction Phase. The Right-of-Way (ROW) acquisition agreement was signed by Augusta and GDOT on November 1, 2011, and Augusta Engineering Department (AED) has commenced the acquisition process. Augusta has funded the ROW acquisition and will be reimbursed by GDOT. The current construction let date is May 2014, and the estimated construction cost is \$14,017,943.
- Analysis:** The construction let date is contingent upon the completion of ROW acquisitions. The purpose of this request is to streamline the process to close parcels in a more expedient manner. There are currently 140 parcels to appraise for this project. All parcels go through the negotiation process, and must be submitted to GDOT for review and approval. The current process in place for this project adds considerable time to the ROW process and can potentially delay the current schedule. GDOT Management is very focused on project delivery and the construction funds for this project. Authorization to streamline the process to close ROW parcels more quickly is critical for this project to meet the approved funding mandates established by GDOT. To ensure Commissioners are kept informed on the status of the acquisition, AED will provide quarterly updates to the Commission for informational purposes.

Alternatives: 1: Motion to authorize the Administrator to approve and Mayor to execute, at the discretion of the Augusta Law Department, Right-of-Way Parcels closing whose Fair Market Value does not exceed \$50,000 on Windsor Spring Road Improvement Project, Phase V. All Parcels which have a Fair market Value of \$50,001 or higher will be submitted to the Augusta Commission for approval. 2: Do not approve which will lengthen the right of way acquisition process and delay the implementation of a project that is important to south Augusta.

Recommendation: Approve Alternative 1.
